and other non-economic cleavages, and unable to co-ordinate, they chose proportional representation as a defensive move to prevent electoral elimination by a rising left. Judging from new evidence on the political and economic effects of electoral systems, this choice had dramatic consequences for subsequent economic policies and outcomes.

In majoritarian systems, because the left can only win by adopting party organizations that credibly commit the party to middle-class interests, and because PR is a system that benefits the left and promotes redistribution, reform of the electoral system is rarely on the agenda, even when nominally left parties. The presentation is divided into four sections.
